Hardware

ZBR2100 and ZBR4100 Inlays

For standard environments or precision reading, these inlays offer market-leading performance on 4-inch wide labels.

RFD40 Standard Sled

Work more efficiently. Optimize cycle-counting with industry-best read rates, read range and increased battery capacity. Most importantly, it connects to current and future Zebra mobile computers, so you get a future-proof device.

ZS300 Electronic Sensor

The ZS300 Sensor and ZB200 Bridge provide accurate temperature and location data continuously in real-time and enable the creation of reports to assist in maintaining quality and compliance requirements.

Dock Door RFID Portals*

These integrated portals can reduce the need for manual scanning at common chokepoints, and feature specialized antennas to tune out cross-talk.

*Not available in all regions

FX9600 Fixed Reader

Automate nearly every aspect of your inventory management with industry-leading read rates, exceptional read accuracy, and superior RF sensitivity.

Software

IoT Connector

Easily route data and customize your Zebra fixed RFID readers with simple drag-and-drop programming options.

Zebra MotionWorks Enterprise™: RFID Reader Management

Control up to thousands of RFID readers and a range of Zebra passive RFID readers in a single platform, enterprise-wide and in multiple locations.
