

Workcloud Sync Voice and Video Calling

Workcloud Sync Voice and Video Calling empowers frontline workers to seamlessly connect and collaborate with powerful voice and video calling capabilities. With Workcloud Sync Voice and Video Calling, empower a more productive, engaged, and knowledgeable workforce.

Seamless Collaboration Across Your Organization

With Workcloud Sync Voice and Video Calling, streamline information sharing for both mobile users and administration/management, enabling effective and quick communication.

Empower frontline workers to make voice and video calls from anywhere, at any time.

Quickly respond to challenges in real time with real-time communication capabilities.

Check stock levels, truck arrival times, and hold team meetings with ad-hoc calls.

Simplified, Real-Time Voice and Video Communication

No more chasing down information. No more searching for the right person. Utilize Workcloud Sync Voice and Video Calling to seamlessly connect and collaborate when you need it.

Easy to Use

Shorten time-to-value with a streamlined, intuitive interface, making it easier for frontline workers to adopt and utilize.

Rich Feature Set

Streamline communication with the ability to merge calls, transfer calls, swap between calls and other Workcloud Sync modules, and more.

Dynamic Call Assignment

Dynamically assign calls based on role for a quick response to any challenge on the frontline.

Highly Configurable

Ensure the look and feel of the client aligns to your requirements through personalizing the UI and customizing the user experience.

Transform your frontline with Workcloud Sync!
