

ZQ600 Plus Series

Product Environmental Attributes

Putting Sustainability at the Heart of Our Products

When it comes to creating sustainable products, Zebra is committed. From company-wide global initiatives to the end-to-end product life cycle from manufacturing to retirement, our green initiatives protect the planet—and the people who make and use our products.

Eco-friendly attributes¹

- No mercury
- No PFO/PFOAs
- No Latex
- Compliant with global ROHS requirements

A-to-Z sustainable packaging

Our corrugated packaging is 100% curbside recyclable:

- 95.6% biodegradable packaging by weight
- The corrugated cartons contain a minimum of 50% recycled content
- All paper is non-bleached and contains a minimum of 50% recycled content
- All paper inserts are made with FSC Mix certified paper

Green battery technology

- Removable, easy to recycle battery
- Battery run time of 13 hours³
- Reduced need for spare battery pool—single charge lasts longer than a full shift in normal conditions³
- There is visibility into battery health via a customer-facing LED indicator to ensure that all batteries can hold a full charge

Power consumption

- Fast charging in just 1 hour, 45 minutes²
- Compatible with Power Smart Print Technology (PSPT)
- Green Mode settings allow for intelligent limiting of power consumption across a fleet of devices

Additional Attributes and Certifications

- Linerless media support eliminates liner waste and disposal costs
- ISO 14001 Environment Certification—applies to industrial/desktop/mobile printers
- Waste Electrical and Electronic Equipment (WEEE)—European Union

Lower consumption of devices, accessories and batteries through maximized life cycles

Most carbon emissions occur in the raw material and manufacturing stages—the fewer devices you use, the more you reduce greenhouse gasses

- Five years of repair and technical support are planned for this product
- Multislot shared cradles are compatible with other Zebra devices

Zebra's Circular Economy provides life-cycle management of products that reduce your overall carbon impact

Takeback Recycling Program

Zebra offers free recycling for selected end-of-life devices and will provide a certificate of destruction upon request. Conditions apply

Device Buy-Back Program

Your end-of-life devices may be eligible for a device buy-back, enabling a "green" upgrade to the next generation device

Battery Recycling Services

We offer a variety of options, depending on region—from convenient drop-off locations to complete a-to-z battery management, where Zebra handles it all for you. Conditions apply
